

# CAPABILITIES STATEMENT

Professional Services

IT Modernization

Network Transformation

## Core Competencies

With over two decades of experience in management consulting, emerging solutions, and program management, FAR Consulting brings its' commercial experience to specialize in government IT solutions and professional services. Our expertise in custom programming and systems design ensures seamless transitions and operational excellence. Committed to delivering innovative, secure, and scalable solutions, we lead IT modernization, optimize network performance, and provide effective support for projects, aligning with the strategic goals of the Department of HHS.

- Enhancing cybersecurity measures to protect sensitive health data and ensure compliance with health data protection regulations such as HIPAA.
- Providing seamless integration and management of cloud services to support the department's shift towards more flexible and scalable health IT solutions.
- Providing comprehensive administrative and secretarial support to ensure efficient operation of offices, special teams, and projects.
- Developing and implementing secure IT infrastructures to support health-related missions.

## Differentiators

- **Project & Program Management:** Strong capabilities in managing complex projects and programs, ensuring they are delivered on time, within budget, and to the highest standards. Emphasis on operational excellence and program oversight.
- **Technology and Innovation Programs:** Managing and supporting technology and innovation programs to foster growth in health technologies and methodologies.
- **Data Management and Coordination:** Managing and coordinating health data-related activities, including data collection, analysis, and reporting, to support the department's decision-making processes.
- **Comprehensive Training Program:** Developing and delivering customized training programs to enhance the skills and capabilities of the department's workforce, with a focus on IT management, cybersecurity, and healthcare leadership.
