

CAPABILITIES STATEMENT

Professional Services

IT Modernization

Network Transformation

Core Competencies

With over two decades of experience in management consulting, emerging solutions, and program management, FAR Consulting brings its' commercial experience to specialize in government IT solutions and professional services. Our expertise in custom programming and systems design ensures seamless transitions and operational excellence. Committed to delivering innovative, secure, and scalable solutions, we lead IT modernization, optimize network performance, and provide effective support for projects, aligning with the strategic goals of the Department of Agriculture.

- **IT Modernization and Network Transformation:** Proven track record in modernizing legacy systems and transforming network infrastructures to support USDA's mission-critical operations, ensuring continuity and efficiency.
- **Professional Services:** Strategic planning, business process improvement, compliance and risk management, and human capital management to enhance organizational efficiency and effectiveness, meeting USDA's operational and administrative needs.
- **Cutting-edge Technologies:** Utilization of advanced technologies and best practices to deliver high-quality solutions that meet USDA's evolving needs in agriculture, food safety, and resource management.

Differentiators

- **Strategic Consulting and Program Management:** Comprehensive program management and strategic consulting services align IT initiatives with USDA's mission, ensuring projects are completed on time and within budget. This supports USDA's strategic goals of improving agricultural services and program delivery.
- **Customer-Centric Solutions:** Delivering customer-centric IT solutions that address the specific needs of USDA's various programs and services, ensuring alignment with USDA's mission and strategic objectives.
- **Network Engineering and Cloud Integration:** Expertise in network design and cloud integration provides scalable, secure, and efficient solutions that enhance USDA operations and data management. These capabilities support USDA's efforts in technology modernization and efficient resource management, aligning with MRP and REE objectives.

Company Snapshot

We excel in legacy transformations, application modernization for private and government sectors. Our swift resource mobilization and transition management ensure successful execution of your mission. With a focus on program oversight and operational excellence, we deliver seamless transitions and exceed client expectations.
